

IF You Believe IN "God"
you Don't Belong in prison

I Ricett would like to share
what I thought of the stories that were wrote
when we are convicted And coming out
of prison That we are Labeled as
"misfits" of Society And I believe that
This Book Gives hope to people that are
in and Leaving prison, And it shows
That there is change when you give your
Life to "God" And Fully Accept Him into
Your "Heart and Soul. So I believe that Gloria
G. Lee Help show that not everyone that
Go's to prison needs to be labeled as
Bad people. There are the stories that start
out Bad, And when we Accept "God" He
will "Grant" us a second chance at Life
So I personal would like to Thank everyone
that was involed in to putting this Book
And many more together I hope. This
Book is very "Inspirational"

So Thank you
And "God bless"

James
