Dear Publisher,

I would first like to say the book was a page turner for me.

It had so much good information that was an eye opener and made me think alot of my own reaction in life.

God was always with me always wanting me to do his will.

Then there is the Evil one who paints the pretty picture and tempts me with short cut and deceit.

The scriptures in the book were and are some of my favorites from long ago in fact I wrote most of them down to re-establish them into my life.

My over all thoughts of the book was interesting always making me look at myself and my heart to find out were I was at that moment.

I've always tried to ride both sides of the fence and know that was insane.

God is only here to guide toward his plan for me. He knows my heart and how deceitful it can be.

I thank you for the revelation your writings brought me they were honest.
