First I'd like to thank Mr Red-
wine for allowing me to read such
a true life book.

Next is a special thanks to the
author of such an informative book
of fact.

Reading your book allowed me
to really take a second look at
myself and just how truly blessed
I am.

On the page's of your book was a
copy of my own life and story and
because of your efforts in that story
my thoughts and behaviors has changed.

Not a "Myself" but thanks be too God
that my spiritual walk is in line with

Again I thank the author you
for helping too bring me back into
a spiritual knowledge that is God
given too all who follow His Word.

Your friend in Christ;
